

August 17, 2017

Dear Sandhya and Elli,

We hope you both enjoyed playing piano for our Residents at Somers Manor Rehabilitation and Nursing Center. Our Residents are still talking about the magical piano recital performed for them at our facility. We have a large facility located on 100 acres in Somers, NY. Over the years we have had many performances at our 300 bed facility. Your beautiful musical performance will be a memorable one to all our residents, and we wish to thank you and welcome you back to our facility at any time.

Regards,

Richard Schaeffer
