To whom it may concern:

This letter is written on behalf of Isabella residents and staff to voice our gratitude for the special piano concert Sandhya Ray and Elli Ray conducted on Friday, August 4, 2017 at our facility. Sandhya and Elli played a number of lovely musical pieces on the piano in our newly renovated hall. Their efforts and grace were well observed amongst the staff and residents. Both staff and residents expressed their appreciation and pleasure with the performance. Mr. Jayant Ray was supportive and communicated effectively to coordinate this special piano concert for his daughters with Isabella. Sandhya and Elli talents did not go unnoticed and we would love to have them back to perform at our facility again.

Sincerely,

Jessica Garcia, MPA, CTRS
Therapeutic Recreation Director
